### Writing

Hello Alex!

I hope you're not busy at this weekend because I want to invite you to go shopping with me. So if you have a free time you can go to the new shops that was opened yesterday so I want to go for you on Saturday at 12 o'clock nearby our favorite music shop. I think we can great spend our time. My friend Olivia said that in those shops you can find a different clothes from different brands I want to buy a new clothes from Italian brands and I hope you will give me advice which clothes pick after this we can go to cafe and eat something that you would like to eat. I need to talk with my mother about my shopping. Please make a list where you will write what you want to buy. I don't want spend much time for looking for a something. Write me about this later and give me your answer about this. Goodbye!

Writing

Question 5. My family and I have just moved to a new house.

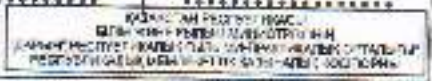

Comments

Dear my English online friend,  
I am so delighted to hear from you this good news. Hope you like it. Isn't it? First of all, I would like to know how are you doing. I hope everything is okay. By the way, I am sorry for answering so late. Ohh yes. It is apparent I love to drop you some lines.

As for my home, I live in the flat with multiple rooms. The building was made from brick so in the cold winter days there is warm. All rooms are coloured in white, pale blue shades, which I really like. In fact, as far as the colour has own influence. For instance, white shades usually makes me feel security, safety and calmness. Also, I would like to mention that all rooms are space holders for the things that I would like to change. As furniture in my room I mean, I would make it in one tone completely white or blue colour and that is it.

I am going to surprise you taking into account that I live my home in general it is not suitable to have a dream to be honest, I would like to live in rural area. Obviously, it is well known that modern civilization is preferred to live in urban areas. Nonetheless, I am number of people who prefer to live in small places such as countryside, etc. There are several reasons for living in rural area. First and foremost, I prefer to live in calmness and peace of mind, which means that lifestyle at countryside. As for me, secondly, I want to be close to nature and by the way, my house of dream has a cottage with multiple rooms and swimming pool, that located near to big mountains or forests with river. The thing that needs to be highlighted is that I would like to see more good and funny view I think, secondly, to share good sentences you understand that I am

## Writing

Hi Mark, what's up?

I'm very nervous to write you because last week we had a little doubt.

So, my winter holiday became very wonderful. I hope you had a great weekend, too. My dad organized interesting travel, so we go to the London and have fun. Weather in London was so raining, but I love it. It has a little grey atmosphere. When I just walk down the street, I had (relax) imagining that I'm a famous singer who have a lot of fans in London. Hah, I make a new friend in other city, saw a culture of different city, walk at the beautiful place and I like it. But also, I understand that I need you so much. I want to talk with you, I want to share about every thing, every day with you. I miss you so much, I hope that you can sorry my and we can have a friendship as soon. (Share with) say my about your winter holidays! So forget our doubt!
